WHISKY AND POKER

Ruin a Louisville Bank Teller and He Skips With $60,000 of the Bank's Cash for Parts Unknown.

LOUISVILLE, Ky., March 4.—Wm. H. Pope, teller of the Louisville city national bank, absconded on last Saturday evening with $60,000 of the bank's cash in his possession. Nothing has since been heard of him. It is supposed that he is now in Canada.

The bank will not be inconvenienced by its loss, which will amount to not more than $40,000 as Pope furnished a bond of $20,000.

Yesterday morning Mr. Pope failed to appear at his desk at the regular hour and it was then that the loss of the money was first discovered.

It is known that Pope took the Monon express Saturday night for Chicago. It is not known whether he went to Mexico or to Canada from there. A large number of his photographs and description of him were mailed yesterday, to all points. His downfall is attributed to whisky and poker.

IS IT ANOTHER ONE?

PITTSBURG, March 4.—David Harris, who was the first president of the Amalgamated Association of Iron and Steel Workers, disappeared Saturday and his friends are very uneasy about him.

Harris is a member of the firm of Baldwin & Graham, extensive stove manufacturers, and on Saturday drew the firm's pay roll. His accounts, however, are perfectly straight. It is said that he drew about $1,200 from his own account in the bank on Saturday. He left $200 or $300 with his wife, and the balance he had with him.

KENTUCKY BLOOD!

Fierce Battles Between Desperadoes --A Sheriff Fatally Shot.

BARBOURSVILLE, Ky., March 4.—Sunday at Flat Lick, Sheriff Calloway Carnes was fatally shot by a desperado named Bill C. Smith, leader of the Smith faction of the Smith-Slusher feud. The deputy sheriff attempted to arrest one of the Smith party, their leader objected, and opened fire with a Winchester rifle, one ball passing through the deputy sheriff's body.

Carnes is a brother-in-law of the Messeres, four of the most desperate men in the mountains, who are also members of the Slusher-Ide feud. They rallied their forces and started in pursuit of the Smith crowd, but have not yet come in contact with each other. Should they do so, a battle will be the result. Either side numbers over thirty-five well armed men.

During the past year two open battles have been fought, and men have been killed on both sides. This trouble becomes worse day by day, and more bloodshed is imminent. A man living on Poplar creek, six miles south of this place, came to town this morning for a wagon load of coffins, and gave an account of a bloody affray that occurred on that creek Sunday evening, in which old man Archie Leger, his son, and McKinney, his son-in-law, were killed outright by Joe Turner and two other men from that county. The trouble grew out of the dividing of some household goods belonging to McKinney and his wife, who had separated.

They all congregated at Leger's house for the purpose of dividing the property between the man and his wife, but could not agree, only in one particular and that was to settle the matter with Winchesters. Three killed and several others wounded was the result.

A man named Stringer and one named Lane were killed at Gray's, near here, a few days since, making a total of six killed for the last week in this county.

REPUBLICAN CLUBS.

The National League Meeting at Nashville, Tenn.

NASHVILLE, Tenn., March 4.—The state delegations to the National league of republican clubs began to arrive at Amusement Hall shortly after 11 o'clock this morning. The convention hall is the largest in the city, having a seating capacity for 1,500 people, and it was tastefully and elaborately decorated.

Shortly after noon Hon. A. J. Watson, chairman of the local executive committee, called the assemblage to order and made the address of welcome. There were 600 delegates present.

After Watson's speech others spoke and then President Thurston delivered his annual address.

This evening there will be a mass meeting held in the public square at which addresses will be made by Gen. N. B. Goff, Judge Webster, and others. The real work of the convention will be done to-morrow. A number of new candidates for the presidency of the organization are in the field. Among them being Edwin S. Stuart, of Philadelphia, and General Goff, of West Virginia. A movement is also on foot to re-elect President Thurston.

WASHINGTON.

The Disposition Made of Voorhees' Resolution in Regard to the Lease of the Fur Seal Islands.

WASHINGTON, March 4.—The resolution offered by Mr. Voorhees yesterday referring to the lease of the fur seal islands of Alaska, and directing the secretary of the treasury to refrain from executing or delivering the lease until the senate inquire into the matter, was reported adversely from the finance committee and was indefinitely postponed.

The senate passed a bill appropriating $30,000 for a monumental column to commemorate the battle of Trenton, N. J., and bills appropriating $100,000 each for new buildings at Dover, N. H., and Nashua, N. H.

At 1 o'clock the senate went into secret session and expelled everybody but senators and senate employes from the gallery and floor of that wing of the capitol.

NOMINATIONS.

The president to-day sent the following nominations to the senate:

James Finebird of Missouri, to be surveyor of customs for the port of St. Joseph, Mo. Henry H. Walker, to be postmaster at Remington, Ind. To be consuls of the United States: Wm. Burgess of New Jersey, at Tunisals. Herbert W. Bowser of New York, at Barcelona. F. W. Catlin of New York, at Munich. Wm. R. Estees of Minnesota, at Kingston, Jamaica.

TAULBEE MAY DIE.

Critical Condition of the Ex-Congressman Shot by Correspondent Kincaid.

WASHINGTON, March 4. — Ex-Congressman Taulbee is in a critical condition to-day. His physicians make the guarded statement that he is in no danger of dying within the twenty-four hours, but beyond this they do no care to say anything. Mr. Taulbee is being kept very quiet and few persons are allowed to see him.

He is conscious and has expressed a wish to make a statement to the newspapers, but this his physicians declined to allow him to do. They think that the excitement that may be caused by making such a statement would work disastrous effects. At present the patient is very weak.

IN ASHES.

Residence Burned at Shelbyville, Ind. --An Iowa Hotel Destroyed.

SHELBYVILLE, Ind., March 4.—At Morristown in this county Sunday night fire destroyed the residence of J. H. Wernick, Jesse Shackle's shoe store, Dan. Snyder's restaurant, J. H. Bowerly's grocery and F. Q. Johnson's residence. Total loss, $7,000; insurance, $4,000.

MAQUOTTA, Iowa, March 4. — The Decker House, the leading hotel of this city, built at a cost of $40,000, caught fire about noon yesterday in the oil room. The damage to the house and furniture is $10,000, fully insured.

PLATTSMOUTH, Neb., March 4.—The exposition buildings and street car barns burned here last night. The loss is heavy.

DEATH OF A MISER

Apparently in Poverty, But $27,000 is Found Concealed in His Clothing.

FORT SCOTT, Kas., March 4.—Yesterday morning an old man by the name of Thomas Garry, died at a boarding house in this city. He was of a miserly disposition and died in apparently extreme poverty. Upon searching his clothing over $27,000 was found sewed the lining of his vest. It is not known that he has any relatives.

Messrs. P. A. Randall, G. W. Pixley, S. M. Foster, Mason Long, D. N. Foster and James Wilding have decided to erect handsome houses on the grounds of the Land and Improvement company, the work to begin within ninety days. Mrs. Rie Shoaff is also trying to form a syndicate of fifteen families to build at the same time, under one contract, thereby saving expense.

Mr. G. L. Howe, of Chicago, is in the city in the interest of "One Hundred Years of Music in America," a valuable book. The portrait of Prof. W. F. Heath, of this city, appears among 150 others of prominent musical men of America.

Mrs. A. C. Keel and family have moved into their Berry street residence.

MINERS ENTOMBED!

Explosion of Gas Near Wilkesbarre, Pa., Imprisons Eight Men-- Efforts to Effect Their Release.

WILKESBARRE, Pa., March 4.—An explosion of gas occurred in the South Wilkesbarre shaft late yesterday afternoon. Eight men were at work inside of the feeder at the time.

When the explosion occurred Jameson, the driver boy, called to some men behind him to take back his mules. "I am going in to tell the other fellows," he shouted. "We'll all have to get out of here mighty quick."

With these words he ran past the burning timbers and on into the dark tunnel. He never came back, nor did one of the seven to whom he went with a warning of their danger.

The flames spread among the dry timbers with awful rapidity, being fanned by the strong air current, and a vast volume of smoke and suffocating gases was soon rolling down the tunnel. If Jameson ever reached the men inside and they tried to make their way out the way he came in they must have been driven back by the smoke and fire. The only chance that they are still alive is that they may have found their way to the far end of some gang way, into which the smoke may not have penetrated up to this time. So great is the heat and so dense the smoke in the tunnel that it is with the utmost difficulty that the flames can be reached. Several of the men at work have been overcome and had to be brought out of the shaft.

The fire was still burning early this morning. About 5 o'clock a large portion of the roof of the tunnel caved in by reason of the burning away of the props.

The air pumps are being worked to their utmost capacity to ventilate the Stanton mine, which adjoins and is connected with the South Wilkesbarre shaft. If the men reached the Stanton mine they may be alive, as the air there is good. In order to reach it, however, they had to travel over a mile from the place where they were working, and it is feared that they were overtaken and suffocated by smoke. Everything possible is being done by the mine officials to rescue the men.

One of the fire engines was put to work early this morning and it is now pouring two large streams of water into the burning mine. The fire will cause a loss of $100,000. The Lehigh and Wilkesbarre company has been particularly unfortunate of late.

Only a month ago seven men lost their lives in the company's mines at Plymouth. Five of the men entombed last night are married and in case they are not recovered alive they will leave five widows and twenty-four children.

LATER.—A report now comes from the rescuing party in the Stanton mine that the air there is excellent and that there is a possibility that the men are safe, in one of the chambers.

PROBABLY ALL DEAD.

1 P. M.—There is no change in the situation at the burning mine. It will take fully four days to flood it. The supposition now is that the men did not get very far from where they were working, and if this is the case their bodies will never be recovered, as they in all probability by this time are burned to a crisp.

The entombed miners are: Michael Ferris, single; Frank Cull, fifty-five, wife and seven children; Hugh Dugan, married, wife and several children; Thomas Jameson, single; Thomas McDonald, single; Thomas Williams, married, wife and two children; Thomas McDonald, driver, and John McNealis, single.

A HOOSIER BANK FAILS.

Great Excitement Caused by the Failure of a Bank at Winchester.

MUNCIE, Ind., March 4.—The banking firm of C. L. Lewis & Co., doing business in Winchester, a town of 3,000 inhabitants, twenty miles east of this city, closed its doors yesterday morning and made an assignment.

Experts are in charge of the books. All the county officials made deposits with the bank, and are consequently heavy losers. The treasurer will lose $35,000, the Auditor $2,500, and quite a number of citizens and farmers will lose smaller amounts, ranging from $100 to $1,000.

The firm has been doing business for a number of years, and was regarded as being one of the most substantial banking houses in the state. Great excitement prevails over the assignment.

The Weather.

WASHINGTON, March 4.—For Indiana, light snow, followed by colder, fair weather; northwesterly winds.

EDITOR COWLES DEAD.

The Veteran Editor, of the Cleveland Leader, Passes From His Busy Newspaper Labors.

CLEVELAND, Ohio, March 4.—Edwin Cowles, editor and proprietor of the Cleveland Leader, died this morning. He had been suffering from a complication of diseases for five or six years past.

The deceased was born in Austinburg, Astabula county, this state, September 18, 1825. In 1839 he came with his parents to this city, where he has since made his home. In 1853 he became a member of the firm which established the Forest City Democrat.

One year later the name of the journal was changed to the Cleveland Leader. The year following his partners disposed of their interest in the business to him, leaving the deceased sole proprietor of the Leader until 1860, when a stock company was formed.

In 1861 he was appointed postmaster of Cleveland, which office he filled for five years.

Mr. Cowles was married in 1849 to Elizabeth O. Hutchinson, of Cuyaga, N. Y., who survives him. He also leaves three sons and a daughter.

HOLLY'S KODAK.

How Pictures are Taken for Fun-- Perry's Dog.

Clarence B. Holly, of the Holly Manufacturing company, who has been superintending the construction of the new Holly engine has a Kodak camera and when he leaves Fort Wayne he will take with him the familiar images of many of his friends.

The humorous part of it is that these friends are not conscious of being subjects of Mr. Holly's machine. Among the list a SENTINEL reporter saw the faces of the waterworks force Engineer Thomas Baxter, Assistant Engineer Gus Franke, Fireman George Schust, Fireman George Iba and Assistant George Smith.

The "phiz" of Inspector Frank Iten also appears from a wreath of smiles.

The funniest of the collection is the picture of Waterworks Clerk P. J. McDonald. Mr. Holly caught Pat when he was in the ecstacies of a full grown laugh over one of Will Breen's jokes.

Henry Grannemann's features were also thus surreptitiously taken by Mr. Holly and Henry will go on the front page of a new album.

Mr. Holly is now endeavoring to get "a sight" on Perry's dog, Jay Gould.

AT THE ROSS MARKET.

DOWN TO BUSINESS!

Special Council Meeting To-night-- Pavements to Be Built--Not This Year for Berry.

Marshal Franke is serving papers today for a special meeting of the common council, to be held this evening. The meeting is ordered by the mayor, at the request of the street committee, and it is of the utmost importance that every councilman be present.

The street committee, consisting of H. A. Reed, chairman; P. J. Schied and H. Hilbrecht, held a meeting yesterday afternoon, the object of which was to sift down the question of paving the streets of Fort Wayne, and recommend some definite action to be taken by the council at once.

They agreed that the general fund in the city treasury from which must come the city's apportionment of expense on these pavements is too limited to permit of the paving of streets as all of the resolutions passed by the common council call for.

It will be remembered that the street committee first recommended a certain number of streets be paved. This was succeeded by an overwhelming influx of resolutions from councilmen of the different wards, whose enterprise in this direction was not anticipated to be exhibited with such promptness.

The council is therefore submerged up to its neck with resolutions for pavements, remonstrances against pavements, and pavement it is on all sides.

The street committee has decided that there is one sensible thing for the council to do and that is to "bite off only as much as they can chew" and then proceed with the masticating process.

They will therefore recommend at the meeting to-night that certain streets be paved the coming summer. These streets they have looked upon as the most important thoroughfares where pavement is most necessary. The streets tributary to these thoroughfares and other streets can receive attention another year.

The streets which they will recommend to be paved this year are as follows:

Broadway—Wayne to Dewald.
Dewald—Broadway to Hanna.
Hanna—Dewald to Wayne.
Maumee Ave.—Washington to Schick.
Wayne—Clinton to Hanna.
Jefferson—Broadway to Calhoun.
Harrison—Berry to Jefferson.
Fairfield Ave.

It Is Not True.

Mr. C. A. Howell, in reply to certain reports which have been printed in the columns of the papers of this city concerning his daughter, sends THE SENTINEL this card:

SOUTH WAYNE, March 4, 1890.

Editor SENTINEL:

Please permit me to inform the public through your valuable paper, that there is not the slightest foundation or reason for any such thought, let alone such publications as have appeared in the city papers for the last few days, concerning the matrimonial intentions of Mr. Martin Jackson and Miss Grace Howell, of South Wayne.

My daughter is but a young school girl, who is all wrapt up and devotes all of her time to her studies. Furthermore, she believes, in accordance with her teachings, that such thoughts should only be entertained by those who are much older than herself. The people in general who are not acquainted with Miss Howell take it for granted, no doubt, as a matter of fact, but with those who are acquainted with her, there lurks a mystery which can only be explained as follows:

A certain young woman, also of South Wayne, who is envious of my daughter in several respects, has sought to injure her in numerous ways in the past and annoyed her by writing and sending to her anonymous notes, all of which I have in my possession for future reference should the occasion require such.

Whether or not said communication was handed in for publication by her or one of her temporary young gentlemen admirers in knee pants, I know not, but am well aware it originated in the brain of this young woman, whom I, as well as all others, dislike to call by the title lady.

I trust that this explanation will be sufficient and to the satisfaction of all and that the attacking party will be wise enough to cease further attacks, lest they have the pleasure of proving their assertions, as their program is about filled, if I have anything to say.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

TUESDAY, MARCH 4, 1890.

OUR CIRCULATION.

STATE OF INDIANA, ALLEN COUNTY, ss:

Personally appeared before me, clerk of the Allen circuit court, Jos. F. Ervin, business manager of THE FORT WAYNE SENTINEL, who makes oath that the actual number of copies of THE DAILY SENTINEL delivered to subscribers and sold to newsboys and news agents for the week ending March 1, 1890, was as follows:

Monday, Feb. 24	**2,681**
Tuesday, Feb. 25	**2,701**
Wednesday, Feb. 26	**2,698**
Thursday, Feb. 27	**2,654**
Friday, Feb. 28	**2,692**
Saturday, March 1	**2,656**
Total for the week	**16,082**
Average for the week	**2,680**

[SIGNED.] JOS. F. ERVIN.

Subscribed and sworn to before me this 3d day of March, 1890. GEORGE W. LOAG, Clerk.

THE building boom has commenced in various parts of the city.

THE day was ushered in this morning with a substantial fall of snow.

THE tariff reformers of the state are holding a meeting at Indianapolis.

DEATH has commenced the week by carrying sorrow to several homes in the city.

THE Irish Catholic Knights of the city are making preparations to observe St. Patrick's day.

POSTMASTER HIGGINS will "sod" the grounds around the government building as soon as spring makes its appearance.

SEVERAL Fort Wayne jobbers of hardware lost small bills on account of the failure of Seamen & Co., hardware merchants, in Ohio last week.

IF anybody can make a trip around the world in sixty days, it is George Francis Train. He is attempting it now and he will succeed or "bust."

THE ice houses of this vicinity are being filled with ice from the lakes of the north and the danger of a famine in that article, which was feared some time ago, is past.

A NUMBER of Knights Templars from surrounding towns will be in the city to-morrow to attend a special convocation for the conferring of degrees by our home lodges.

THE new church edifice which the Zion Lutheran church propose building in the southern part of the city, will be a handsome one. The church is in a flourishing condition.

THE number of deaths reported in the county for last month by Dr. L. L. Sturgis, the health officer, is thirty-four, of which thirteen were males and twenty-one females.

THE municipal elections at DesMoines, Iowa, yesterday resulted in the triumph of the Democracy. They elected a mayor and city officers. Fort Dodge also went democratic for the first time in its history.

LENT makes the matrimonial business dull. It will be noticed, however, that a few marriages are occurring. Love, which often laughs at locksmiths, will not always be confined to the restraints which Lent imposes.

YESTERDAY morning the members of the plasterers' union went out on a strike. They demand $3 per day for nine hours. Some contractors acceeded to demands, and in the afternoon about half of them returned to work.

THE state board of health is endeavoring to procure statistics of the grippe epidemic. Blanks are sent to all county health officers, and one or two physicians in each township will write full and accurate histories of this strange malady.

THE telegraph conveys the sad news of the death of Editor Edwin Cowles, of the Cleveland Leader, at his home in that city this morning. Mr. Cowles was a veteran editor, and has for years stood at the head of his profession in Ohio. His paper is the recognized organ of the republican party in northern Ohio.

THE city treasurer is collecting delinquent taxes. The hardest debt for a man to pay is one of this character, and when it is pressing hard upon him, at a time when he has a lean pocket book, he realizes the beauties of being an American citizen. The tax ferret will hunt you out. So save up your cash and be ready to meet him.

A WRITER well observes that the grip made inroads upon the pockets as well as upon the health. Dr. Knorr, the inventor of antipyrinne, was made over $1,000,000 richer by the epidemic. He got a royalty of sixty cents on every ounce of the drug sold, and for weeks thousands of people did nothing else but dose themselves with this grip remedy.

THE SENTINEL gave a full account yesterday in its local columns of the deadly wreck, in which three employes were killed yesterday morning, by an accident occurring on the Pittsburg road near Massillion, O. The morning papers have the holycaust by telegraph, but the wire's account adds nothing of importance to the local details already published in our columns. The wreck delayed travel on the Pittsburg road and interfered with the running of trains last evening.

THE Hebrews of the city observed the approaching feast of the Purim by a presentation of "Queen Esther" by the children, at the Standard hall last night. The Royal Italian orchestra assisted. The Purim occurs next Thursday.

GOVERNOR HOVEY has addressed a communication to the auditors and boards of commissioners of the various counties of the state, referring to the general condition of the state and county roads, and requesting certain information, with a view of assisting, by legislation, in the construction of good gravel or macadamized roads on main thoroughfares.

A STRANGE phenomenon of a meteriorie nature was witnessed by many of our people about about 11 o'clock last Saturday night. It consisted of a fiery ball "as large as a wash tub" says a witness, and it hung in the north for over half an hour throwing a stream of red, liquid light extending to the earth. From all accounts it must have differed from the common meteoric displays and was a wonderful display.

THE unseating of John O. Pendleton, democrat, and seating in his place of G. W. Atkinson, republican, of the first West Virginia district by a vote of yeas 162, nays 0, will constitute a test case for the courts as to the legality of the speaker's ruling. Mr. Carlisle believes Mr. Pendleton has his redress in the courts. Judge Chipman, of Michigan, says the supreme court will somehow dodge a decision upon the question.

IF we were to put a two line local in the most obscure corner of the paper, which stated that a certain business man charged more for his goods or kept an inferior quality than his competitors, that man would employ a slugger to to come around and kill us next morning. But if we were to ask this same man for an advertisement of his wares, he would say: "No; I don't believe in advertising; no one reads the advertisements."

THE journeymen plasterers of New York celebrated yesterday the consummation of an arrangement by which they will commence on the 1st of May to work eight hours a day at fifty cents an hour. A jubilation meeting was held in Cooper Union, and speeches were made by representative plasterers. About 1,500 men marched from Brevort hall, in Fifty-fourth street, and preceded by a band of music to Cooper Union, where representatives of the bosses were met and the agreement signed.

MR. A. Z. FOSTER, of Terre Haute, was the winner of the $25 prize offered by the Land and Improvement company for naming the new park in this city. In a letter to the company, dated Terre Haute, Ind., he declines to accept the prize, and says: "I feel that the honor of having given the name to the new park is all the recompense I am willing to accept. I therefore decline to receive the cash prize offered, and leave it with your board of directors to distribute as it may think best, only stipulating on my part that it go either to the person who, after me, was the next to send in the name, or else that it be divided among all those who sent it in, such division being in such proportion as the board may desire."

THE supreme court of the State has rendered the following decision: A husband who executes a mortgage containing full covenants of warranty, and with nothing on its face to show the ownership of the land, is estopped from denying that he was the owner at the time the mortgage was executed. (3) To the extent that the consideration for a mortgage executed upon the separate real estate of a married woman was received by her, or inured to her benefit, or to the benefit of her separate estate, she will be held to have contracted as principal. (4) Where a complaint to foreclose a mortgage executed by a married woman alleges that the consideration for the mortgage was used to discharge a prior valid lien existing on her land covered by the mortgage, an answer which does not deny these allegations, but alleges that the debt is the husband's and the land the wife's, is bad.

THE TARIFF BILL.

The tariff bill will be reported to the house from the ways and means committee about March 15. It is now so nearly complete that a correct general idea of its scope may be obtained. One of the surprises of the bill will be its agricultural features. There are to be duties of thirty per cent. on barley, twenty cents a pound on hops, twenty cents a bushel on apples and larger proportional duties on other fruits, dried and fresh, and an impost of ten cents a dozen on eggs, of which 14,000,000 dozen, valued at about $2,500,000, are annually imported for Canada and Scotland. The present duty on butter is left as it is.

The wool schedule as at present constituted (and it will probably remain unchanged) provides that on first-class or clothing wools the duty shall be 11 cents a pound; on second-class, or combing, 12 cents a pound; and on third-class, or carpet wools, 2½ cents a pound on wools worth at place of export 15 cents a pound and 8 cents on wools worth more than 15 cents. This is an increase on the present rate, which provides for a duty of 2½ cents on carpet wools worth 12 cents or less at the place of export and 5 cents on carpet wools worth more than 12 cents. The present rate on clothing wools is 10 cents a pound when worth 30 cents or less and 12 cents when worth more than 30 cents. On woolen and worsted yarns the new bill imposes a duty per pound that shall be three and a half times the duty on a pound of unwashed wool of the first class and in addition thereto 40 per cent. ad valorem. The sections of the bill intended to beguile the farmers have been prepared with much ingenuity and care.

The sugar question has given the committee a great deal of trouble. The excessive duty of from two to three and one-half cents now imposed upon sugar, and which adds a considerable sum to the daily cost of living in every family of the United States, will be reduced.

There will be a protective duty imposed on tin plates and terne plates, probably of $30 or $40 a ton; how much has not been decided.

The committee has not yet concluded its consideration of internal revenue features of the proposed bill, but the tax will be taken off of alcohol used in the industrial arts, and there will probably be a repeal of the internal revenue taxes on tobacco.

He was selecting presents for his girl before Christmas. He bought an amber comb, a box of caramels, and a bottle of Dr. Bull's Cough Syrup and showed himself thereby a right sensible dude.

"Enterprises of great pith and moment" are so engrossing the minds of men, that they neglect their own affairs, and grow old with pain, forgetting that a bottle of Salvation Oil will cure all.

Three Months of Special Bible Study.

The Bible institute in Chicago, of which D. L. Moody is the head, has been fortunate enough to secure the services of Prof. W. G. Moorhead, of Xenia, Ohio, for the three months of April, May and June. Professor Morehead is regarded by many as the most suggestive, thorough and stimulating Bible teacher in the country.

Mr. Moody sends out a cordial invitation to all ministers, evangelists, theological students and other Christian workers in all parts of the land who wish a new inspiration in the study of the word of God to come to Chicago for the entire three months or a portion thereof and take advantage of this great opportunity. The new building of the institute is open, and those who come, will, as far as possible, be accommodated in it. Those who desire rooms in the building should send their names and references at once to the superintendent, R. A. Torrey, 80 West Pearson street, Chicago. Those who cannot be accommodated in the building will find furnished rooms near at hand and can board in the Institute restaurant. Four dollars per week will cover all necessary expenses.

The plot of "Fascination" is based on the ruse adopted by Lady Madge Slashton to recover Lord Islay, to whom she is bethrothed, but who has fallen a victim for a time, to the wiles of Mrs. Delamare, the female villain. To accomplish her purpose Lady Madge dons a dress suit and thus disguised as a man, wins the affections of Mrs. Delamore and takes a contract to fight a duel with jealous Lord Islay. The breach of contract does not lead to a suit for breach of promise, but the curtain descends on the lovers reunited. Of course, the beholder is left in blissful doubt as to what Lady Madge did to keep Lord Islay within the matrimonial coral when she "rounded him up."

GRAND CONCERT
—AT THE—
MASONIC TEMPLE,
TUESDAY MARCH 18.

The Celebrated

BALMORAL CHOIR,

From Glasgow, Scotland, on their American tour, having appeared before crowded houses in London, Dublin Edinburg, Boston, New York, Chicago and Toronto, will delight our Fort Wayne people with a choice selection of

Scotch, English, Irish And American Songs

On above date. All lovers of good music and songs should not miss this fine opportunity.

Secure your seats early at the Temple as there will undoubtedly be a crowded house.

See opinions of the press:

New York Herald, Nov. 7, 1889: "The 'Balmoral Club,' a double quartet of singers hailing from Glasgow gave its first concert in Steinway Hall last night and if the members of the choir were not delighted with their reception they must be hard to please. An audience which filled the hall to overflowing applauded everything. Each member of the choir received a special round of applause, and if the audience could have had its way the concert would have lasted until the small hours of the morning."

Boston Globe, Nov. 20, 1889: "The 'Balmoral Choir,' from Glasgow, Scotland, made its second appearance before a Boston audience in Tremont Temple last evening. The stage door and both balconies were packed and even standing room was at a premium, so eager were the hardy Scots to hear the music of dear old Scotland. The program was sufficiently long and varied to have pleased almost any kind of an audience, but so enthusiastic was the last night's gathering that all would have remained long enough to hear Bobby Burns' poems sung from start to finish, even if it took till midnight.

GRATUITOUS ADVICE.

This species of advice is not always acceptable, but in many instances much benefit would be derived were it acted upon. No section of the country is exempt from disease. To know the best means of combatting this common enemy, with the least injury to our pockets and tastes, is certainly a great advantage. We must expect Torpid Liver, Congested Spleen, Vitiated Bile and Inactive Bowels, and all prudent persons will supply themselves with Tutt's Pills, which stimulate the Liver, relieve the engorged Spleen, determine a healthy flow of Bile, thus regulating the bowels and causing all unhealthy secretions to pass off in a natural manner. "An ounce of preventive is worth a pound of cure." Be advised and use

This is to certify that I have been troubled with Neuralgia in the Face and Womb for over four (4) years. At times the pains were excruciating, and I thought I must die. ANDREWS ALL RIGHT!

It Will Remain the Division Terminal of the Wabash, and Will Retain the Shops.

Ever since the Wabash railway established its yards and division point at Andrews its citizens have been annoyed and harrassed by rumors of their removal. Recently, Peru voted a large bonus for the building of an eight mile road from Erie to Chili, connecting the main line and the Eel river branch of the road, in consideration of which Peru is to be made a terminal point for train men between Peru and Butler, and will otherwise be very materially benefitted.

The editor of the Huntington Herald having a decided interest in the citizens of Andrews, and knowing the feeling of unrest which obtained by reason of the rumors current, took the liberty to write a letter to General Manager Hays, of the Wabash, stating the condition of affairs. An answer was promptly received as follows:

The Wabash Railroad company, General Manager's Office, Charles M. Hays, general Manager.
ST. LOUIS, Feb. 28, 1890.

Thad Butler, Editor of Huntington Herald:

DEAR SIR: I have yours of the 27th inst. in regard to the feeling of apprehension that exists at Andrews, crested by fear of removal of our division terminals from that point.

In reply will say, that so far as Bement is concerned, we have not for a moment had that matter under consideration, and what you have heard and seen to that effect, is merely newspaper rumor.

As regards the situation in connection with Peru, will say, on the completion of the proposed Peru and Detroit railroad, we will make that town the termini for our crews running between Butler and that point, thus bringing them into Peru instead of Logansport, as at present.

There is no probability of any change being made in the existing arrangement of the main line.

I do not object to you making this letter public, but on the contrary would be glad to have you do so, if it will correct the wrong impression that now prevails.

Yours truly,
CHAS. M. HAYS,
General Manager.

Mr. Oburn, who has been in New Orleans for some time, returned home recently and will soon superintend the erection of several electric light towers in Detroit.

George W. Leek, of the Olds wheel works, is much troubled over the loss of a borrowed hammer. In his absence some one took it and must have forgotten to return it.

Harry Snyder, an old Fort Wayne boy, who was connected with the Pittsburg company, spent Sunday in the city. Harry is firing a switch engine for the Nickel Plate road in the Chicago yards.

Robert Bentz, of Bass' blacksmith shop, has returned from Mansfield, Ohio, where he recently sustained a $1,000 loss by fire. He may resume his place in the blacksmith shop.

The Pennsylvania has taken the initiatory step in withdrawing party rates sale. The order took effect March 1, and is in conformity with the decision of the Interstate-commerce Commission declaring party rates illegal. The Pennsylvania passenger department in its instructions to its agents, directs that all present contracts be maintained, but, with that exception, and taking effect at once, no more party rates shall be contracted for or sold.

A peculiar circular has come to light. It was issued by General Passenger Agent Ford, of the Pennsylvania Railroad company, and it contains a list of 326 names, 20 of which are names of ladies. Mr. Ford, in the circular, asserts that the individuals named have sold their mileage books or disposed of them in some way. He requests that the agents look over the list carefully, and if any names are familiar to send the addess of the house employing them. He proposes to establish a black list and take away the privileges. A great many think that the actions of Mr. Ford indicate a big war against scalpers. The design of the gentleman is as yet unknown.

Peter Doyle, a Pennsylvania fireman, carried a $1,500 insurance policy in the Brotherhood of Locomotive Firemen, which was payable to his sister at the time it was issued, but there has been no trace of her since the Johnstown disaster. She, at the time, being in Johnstown, is supposed to have been drowned. Mr. Doyle, before dying; supposing her to be dead and also all other relatives, assigned the benefit to a man named Peters, who, he said, was his cousin. Since his death his mother, living at Beloit, comes forward and claims the benefit. The law of the organization is that the benefit must be paid only to a relative, and who to pay Doyle's insurance to is a question difficult to settle, if Peters proves to be a relative, which is questioned.

All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

What the Two-Price System Means.

It means an effort to charge you more for an article than it is worth.

It results in selling you goods at one price and your neighber at another.

It means a loss of time and dignity on your part in the effort to beat the dealer down to his lowest price, or else it means paying more than you should, because you will not descend to the cross-roads style of higgling and haggling over prices.

The One-Price System Means

The lowest possible penny at which an article can be sold.

It means good goods and no misrepresentations.

It means the same price for you and your neighbor and your neighbor's child, no matter whether you are a judge of goods or not.

The merchant who will try to get more for an article than it is worth, will buy an inferior quality of goods whenever he thinks he can thereby increase his profits.

A two-price store is a very good place to keep away from.

FOSTER Furniture and Carpet Company,

Conduct their business on the fair, square-dealing, One-Price basis, and you are, therefore, sure of always getting the best goods at the lowest prices.

OUR $1.50 LINE

John Thompson and Abner Garmire escaped from jail at Lagrange, Ind., Sunday night. Sheriff Jacob Spearow intended to take them to Michigan City yesterday, but found their cells empty. Fifty dollars reward is offered for their capture.

The board of directors of the Land and Improvement company will meet the latter part of the week to decide upon the disposition of the prize offered for naming the new park, Mr. A. Z. Foster, of Terre Haute, having declined it. It is likely the $25 offered will be distributed among the other persons selecting the name.

The St. Patrick's congregation has purchased the property at the corner of DeWald and Harrison streets, the consideration being $3,300. The property for the new church embraces the entire square. The edifice will now face on DeWald street. The residence will be vacated by Mr. Donovan and will be moved off the premises.

The case of the state vs. Thomas Davidson, charged with murder, will come up in the Whitley county court before Judge Adair on April 7, the beginning of the new term. The case will then be set. It will not be tried in the early part of April as Attorney Dawson, one of Davidson's attorneys, has several cases at Decatur at that time.

The council at its special meeting to-night, will pass resolutions inviting the next state encampment of the G. A. R. to this city. The Fort Wayne delegation numbering about twenty-five, will leave here next Monday. The encampment will commence the 11th, and last two days. George D. Adams and Captain Weldon visited all the hotels last night, and got the consent of each proprietor to furnish reduced rates to those attending the encampment, should it come here.

The Fort Wayne Amateur Atheltic association, held a meeting last night and talked over the future field sports. Young men who care to enter the June contests to compete for the prizes must get their names in by April 3. The association proproses to put a base ball, foot ball and tennis team in the field and will have a special meeting to organize each. The following members were admitted: Ray C. Trainer, Ed. White, Sam C. Moffatt, A. W. Seabrease, jr., Geo. Walschmidt, Ed. Baltes, G. Stuman, Sam Rabus.

Death of J. M. Lowry.

Hon. Robert Lowry received a telegram this morning, announcing the death of his brother, Mr. J. M. Lowry, late general master mechanic, and more recently consulting engineer of the Chicago, Milwaukee and St. Paul railway. The demise is supposed to have been quite unexpected, as late intercouse between the families gave no information of such a thing being apprehended.

BOOTS, SHOES AND RUBBER GOODS.

Notwithstanding the fact that since our opening, two weeks ago, we've daily been kept busy dishing out THREE DOLLARS in foot wear, for ONE HUNDRED CENTS in cash, "we've a tale of woe." The tale is this: When Messrs. Hugh Dyer & Co., who formerly owned this stock, were closed up by the sheriff, a levy was placed on four hundred (400) cases of the most choice goods, by a large wholesale house of Toledo. After a good deal of litigation, the COURT decided in our favor and ordered the goods sent here, but we're in a predicament. Our store, spacious as it is, is not large enough to hold all the goods. Now, what we want to say is this: WE MUST HAVE MONEY. WE MUST VACATE THE STORE, in short, we MUST sell the stock, over $15,000 worth, as soon as possible. To show that we mean business, we'll ask you to carefully peruse the prices

WHISKY AND POKER

Ruin a Louisville Bank Teller and He Skips With $60,000 of the Bank's Cash for Parts Unknown.

LOUISVILLE, Ky., March 4.—Wm. H. Pope, teller of the Louisville city national bank, absconded on last Saturday evening with $60,000 of the bank's cash in his possession. Nothing has since been heard of him. It is supposed that he is now in Canada.

The bank will not be inconvenienced by its loss, which will amount to not more than $40,000 as Pope furnished a bond of $20,000.

Yesterday morning Mr. Pope failed to appear at his desk at the regular hour and it was then that the loss of the money was first discovered.

It is known that Pope took the Monon express Saturday night for Chicago. It is not known whether he went to Mexico or to Canada from there. A large number of his photographs and description of him were mailed yesterday, to all points. His downfall is attributed to whisky and poker.

IS IT ANOTHER ONE?

PITTSBURG, March 4.—David Harris, who was the first president of the Amalgamated Association of Iron and Steel Workers, disappeared Saturday and his friends are very uneasy about him.

Harris is a member of the firm of Baldwin & Graham, extensive stove manufacturers, and on Saturday drew the firm's pay roll. His accounts, however, are perfectly straight. It is said that he drew about $1,200 from his own account in the bank on Saturday. He left $200 or $300 with his wife, and the balance he had with him.

KENTUCKY BLOOD!

Fierce Battles Between Desperadoes --A Sheriff Fatally Shot.

BARBOURSVILLE, Ky., March 4.—Sunday at Flat Lick, Sheriff Calloway Carnes was fatally shot by a desperado named Bill C. Smith, leader of the Smith faction of the Smith Slusher feud. The deputy sheriff attempted to arrest one of the Smith party, their leader objected, and opened fire with a Winchester rifle, one ball passing through the deputy sheriff's body.

Carnes is a brother-in-law of the Messeres, four of the most desperate men in the mountains, who are also members of the Slusher-Smith feud. They rallied their forces and started in pursuit of the Smith crowd, but have not yet come in contact with each other. Should they do so, a battle will be the result. Either side numbers over thirty-five well armed men.

During the past year two open battles have been fought, and men have been killed on both sides. This trouble becomes worse day by day, and more bloodshed is imminent. A man living on Poplar creek, six miles south of this place, came to town this morning for a wagon load of coffins, and gave an account of a bloody affray that occurred on that creek Sunday evening, in which old man Archie Leger, his son, and McKinney, his son-in-law, were killed outright by Joe Turner and two other men from that county. The trouble grew out of the dividing of some household goods belonging to McKinney and his wife, who had separated.

They all congregated at Leger's house for the purpose of dividing the property between the man and his wife, but could not agree, only in one particular and that was to settle the matter with Winchesters. Three killed and several others wounded was the result.

A man named Stringer and one named Lane were killed at Gray's, near here, a few days since, making a total of six killed for the last week in this county.

REPUBLICAN CLUBS.

The National League Meeting at Nashville, Tenn.

NASHVILLE, Tenn., March 4.—The state delegations to the National league of republican clubs began to arrive at Amusement Hall shortly after 11 o'clock this morning. The convention hall is the largest in the city, having a seating capacity for 1,500 people, and it was tastefully and elaborately decorated.

Shortly after noon Hon. A. J. Watson, chairman of the local executive committee, called the assemblage to order and made the address of welcome. There were 600 delegates present.

After Watson's speech others spoke and then President Thurston delivered his annual address.

This evening there will be a mass meeting held in the public square at which addresses will be made by Gen. N. B. Goff, Judge Webster, and others. The real work of the convention will be done to-morrow. A number of new candidates for the presidency of the organization are in the field. Among them being Edwin S. Stuart, of Philadelphia, and General Goff, of West Virginia. A movement is also on foot to re-elect President Thurston.

WASHINGTON.

The Disposition Made of Voorhees' Resolution in Regard to the Lease of the Fur Seal Islands.

WASHINGTON, March 4.—The resolution offered by Mr. Voorhees yesterday referring to the lease of the fur seal islands of Alaska, and directing the secretary of the treasury to refrain from executing or delivering the lease until the senate inquire into the matter, was reported adversely from the finance committee and was indefinitely postponed.

The senate passed a bill appropriating $30,000 for a monumental column to commemorate the battle of Trenton, N. J., and bills appropriating $100,000 each for new buildings at Dover, N. H., and Nashua, N. H.

At 1 o'clock the senate went into secret session and expelled everybody but senators and senate employes from the gallery and floor of that wing of the capitol.

NOMINATIONS.

The president to-day sent the following nominations to the senate:

James Finebird of Missouri, to be surveyor of customs for the port of St. Joseph, Mo. Henry H. Walker, to be postmaster at Remington, Ind. To be consuls of the United States: Wm. Burgess of New Jersey, at Tunisals. Herbert W. Bowser of New York, at Barcelona. F. W. Catlin of New York, at Munich. Wm. R. Estees of Minnesota, at Kingston, Jamaica.

TAULBEE MAY DIE.

Critical Condition of the Ex-Congressman Shot by Correspondent Kincaid.

WASHINGTON, March 4. — Ex-Congressman Taulbee is in a critical condition to-day. His physicians make the guarded statement that he is in no danger of dying within the twenty-four hours, but beyond this they do no care to say anything. Mr. Taulbee is being kept very quiet and few persons are allowed to see him.

He is conscious and has expressed a wish to make a statement to the newspapers, but this his physicians declined to allow him to do. They think that the excitement that may be caused by making such a statement would work disastrous effects. At present the patient is very weak.

IN ASHES.

Residence Burned at Shelbyville, Ind. —An Iowa Hotel Destroyed.

SHELBYVILLE, Ind., March 4.—At Morristown in this county Sunday night fire destroyed the residence of J. H. Wornick, Jesse Shackle's shoe store, Dan. Snyder's restaurant, J. H. Bowerly's grocery and F. Q. Johnson's residence. Total loss, $7,000; insurance, $4,000.

MAQUOTTA, Iowa, March 4. — The Decker House, the leading hotel of this city, built at a cost of $40,000, caught fire about noon yesterday in the oil room. The damage to the house and furniture is $10,000, fully insured.

PLATTSMOUTH, Neb., March 4.—The exposition buildings and street car barns burned here last night. The loss is heavy.

DEATH OF A MISER

Apparently in Poverty, But $27,000 is Found Concealed in His Clothing.

FORT SCOTT, Kas., March 4.—Yesterday morning an old man by the name of Thomas Garry, died at a boarding house in this city. He was of a miserly disposition and died in apparently extreme poverty. Upon searching his clothing over $27,000 was found sewed the lining of his vest. It is not known that he has any relatives.

Messrs. P. A. Randall, G. W. Pixley, S. M. Foster, Mason Long, D. N. Foster and James Wilding have decided to erect handsome houses on the grounds of the Land and Improvement company, the work to begin within ninety days. Mrs. Rie Shoaff is also trying to form a syndicate of fifteen families to build at the same time, under one contract, thereby saving expense.

Mr. G. L. Howe, of Chicago, is in the city in the interest of "One Hundred Years of Music in America," a valuable book. The portrait of Prof. W. F. Heath, of this city, appears among 150 others of prominent musical men of America.

Mrs. A. C. Keel and family have moved into their Berry street residence.

MINERS ENTOMBED!

Explosion of Gas Near Wilkesbarre, Pa., Imprisons Eight Men-- Efforts to Effect Their Release.

WILKESBARRE, Pa., March 4.—An explosion of gas occurred in the South Wilkesbarre shaft late yesterday afternoon. Eight men were at work inside of the feeder at the time.

When the explosion occurred Jameson, the driver boy, called to some men behind him to take back his mules. "I am going in to tell the other fellows," he shouted. "We'll all have to get out of here mighty quick."

With these words he ran past the burning timbers and on into the dark tunnel. He never came back, nor did one of the seven to whom he went with a warning of their danger.

The flames spread among the dry timbers with awful rapidity, being fanned by the strong air current, and a vast volume of smoke and suffocating gases was soon rolling down the tunnel. If Jameson ever reached the men inside and they tried to make their way out the way he came in they must have been driven back by the smoke and fire. The only chance that they are still alive is that they may have found their way to the far end of some gang way, into which the smoke may not have penetrated up to this time. So great is the heat and so dense the smoke in the tunnel that it is with the utmost difficulty that the flames can be reached. Several of the men at work have been overcome and had to be brought out of the shaft.

The fire was still burning early this morning. About 5 o'clock a large portion of the roof of the tunnel caved in by reason of the burning away of the props.

The air pumps are being worked to their utmost capacity to ventilate the Stanton mine, which adjoins and is connected with the South Wilkesbarre shaft. If the men reached the Stanton mine they may be alive, as the air there is good. In order to reach it, however, they had to travel over a mile from the place where they were working, and it is feared that they were overtaken and suffocated by smoke. Everything possible is being done by the mine officials to rescue the men.

One of the fire engines was put to work early this morning and it is now pouring two large streams of water into the burning mine. The fire will cause a loss of $100,000. The Lehigh and Wilkesbarre company has been particularly unfortunate of late.

Only a month ago seven men lost their lives in the company's mines at Plymouth. Five of the men entombed last night are married and in case they are not recovered alive they will leave five widows and twenty-four children.

LATER.—A report now comes from the rescuing party in the Stanton mine that the air there is excellent and that there is a possibility that the men are safe, in one of the chambers.

PROBABLY ALL DEAD.

1 P. M.—There is no change in the situation at the burning mine. It will take fully four days to flood it. The supposition now is that the men did not get very far from where they were working, and if this is the case their bodies will never be recovered, as they in all probability by this time are burned to a crisp.

The entombed miners are: Michael Ferris, single; Frank Cull, fifty-five, wife and seven children; Hugh Dugan, married, wife and several children; Thomas Jameson, single; Thomas McDonald, single; Thomas Williams, married, wife and two children; Thomas McDonald, driver, and John McNealis, single.

A HOOSIER BANK FAILS.

Great Excitement Caused by the Failure of a Bank at Winchester.

MUNCIE, Ind., March 4.—The banking firm of C. L. Lewis & Co., doing business in Winchester, a town of 3,000 inhabitants, twenty miles east of this city, closed its doors yesterday morning and made an assignment.

Experts are in charge of the books. All the county officials made deposits with the bank, and are consequently heavy losers. The treasurer will lose $35,000, the Auditor $2,500, and quite a number of citizens and farmers will lose smaller amounts, ranging from $100 to $1,000.

The firm has been doing business for a number of years, and was regarded as being one of the most substantial banking houses in the state. Great excitement prevails over the assignment.

The Weather.

WASHINGTON, March 4.—For Indiana, light snow, followed by colder, fair weather; northwesterly winds.

EDITOR COWLES DEAD.

The Veteran Editor of the Cleveland Leader, Passes From His Busy Newspaper Labors.

CLEVELAND, Ohio, March 4.—Edwin Cowles, editor and proprietor of the Cleveland Leader, died this morning. He had been suffering from a complication of diseases for five or six years past.

The deceased was born in Austinburg, Astabula county, this state, September 18, 1825. In 1839 he came with his parents to this city, where he has since made his home. In 1853 he became a member of the firm which established the Forest City Democrat.

One year later the name of the journal was changed to the Cleveland Leader. The year following his partners disposed of their interest in the business to him, leaving the deceased sole proprietor of the Leader until 1860, when a stock company was formed.

In 1861 he was appointed postmaster of Cleveland, which office he filled for five years.

Mr. Cowles was married in 1849 to Elizabeth O. Hutchinson, of Cuyaga, N. Y., who survives him. He also leaves three sons and a daughter.

HOLLY'S KODAK.

How Pictures are Taken for Fun-- Perry's Dog.

Clarence B. Holly, of the Holly Manufacturing company, who has been superintending the construction of the new Holly engine has a Kodak camera and when he leaves Fort Wayne he will take with him the familiar images of many of his friends.

The humorous part of it is that these friends are not conscious of being subjects of Mr. Holly's machine. Among the list a SENTINEL reporter saw the faces of the waterworks force Engineer Thomas Baxter, Assistant Engineer Gus Franke, Fireman George Schust, Fireman George Iba and Assistant George Smith.

The "phiz" of Inspector Frank Iten also appears from a wreath of smiles.

The funniest of the collection is the picture of Waterworks Clerk P. J. McDonald. Mr. Holly caught Pat when he was in the ecstacies of a full grown laugh over one of Will Breen's jokes.

Henry Channemann's features were also thus surreptitiously taken by Mr. Holly and Henry will go on the front page of a new album.

Mr. Holly is now endeavoring to get "a sight" on Perry's dog, Jay Gould.

A PRETTY DRAMA.

An Amateur Production Given at Standard Hall.

Special Council Meeting To-night.-- Pavements to Be Built--Not This Year for Berry.

Marshal Franke is serving papers today for a special meeting of the common council, to be held this evening. The meeting is ordered by the mayor, at the request of the street committee, and it is of the utmost importance that every councilman be present.

The street committee, consisting of H. A. Reed, chairman; P. J. Schied and H. Hilbrecht, held a meeting yesterday afternoon, the object of which was to sift down the question of paving the streets of Fort Wayne, and recommend some definite action to be taken by the council at once.

They agreed that the general fund in the city treasury from which must come the city's apportionment of expense on these pavements is too limited to permit of the paving of streets as all of the resolutions passed by the common council call for.

It will be remembered that the street committee first recommended a certain number of streets be paved. This was succeeded by an overwhelming influx of resolutions from councilmen of the different wards, whose enterprise in this direction was not anticipated to be exhibited with such promptness.

The council is therefore submerged up to its neck with resolutions for pavements, remonstrances against pavements, and pavement it is on all sides.

The street committee has decided that there is one sensible thing for the council to do and that is to "bite off only as much as they can chew" and then proceed with the masticating process.

They will therefore recommend at the meeting to-night that certain streets be paved the coming summer. These streets they have looked upon as the most important thoroughfares where pavement is most necessary. The streets tributary to these thoroughfares and other streets can receive attention another year.

The streets which they will recommend to be paved this year are as follows:

Broadway—Wayne to Dewald.
Dewald—Broadway to Hanna.
Hanna—Dewald to Wayne.
Maumee Ave.—Washington to Schick.
Wayne—Clinton to Hanna.
Jefferson—Broadway to Calhoun.
Harrison—Berry to Jefferson.
Fairfield Ave.

It Is Not True.

Mr. C. A. Howell, in reply to certain reports which have been printed in the columns of the papers of this city concerning his daughter, sends THE SENTINEL this card:

SOUTH WAYNE, March 4, 1890.

EDITOR SENTINEL:

Please permit me to inform the public through your valuable paper, that there is not the slightest foundation or reason for any such thought, let alone such publications as have appeared in the city papers for the last few days, concerning the matrimonial intentions of Mr. Martin Jackson and Miss Grace Howell, of South Wayne.

My daughter is but a young school girl, who is all wrapt up and devotes all of her time to her studies. Furthermore, she believes, in accordance with her teachings, that such thoughts should only be entertained by those who are much older than herself. The people in general who are not acquainted with Miss Howell take it for granted, no doubt, as a matter of fact, but with those who are acquainted with her, there lurks a mystery which can only be explained as follows:

A certain young woman, also of South Wayne, who is envious of my daughter in several respects, has sought to injure her in numerous ways in the past and annoyed her by writing and sending to her anonymous notes, all of which I have in my possession for future reference should the occasion require such.

Whether or not said communication was handed in for publication by her or one of her temporary young gentlemen admirers in knee pants, I know not, but am well aware it originated in the brain of this young woman, whom I, as well as all others, dislike to call by the title lady.

I trust that this explanation will be sufficient and to the satisfaction of all and that the attacking party will be wise enough to cease further attacks, lest they have the pleasure of proving their assertions, as their program is about filled, if I have anything to say.

From a parent,
C. A. HOWELL.

GRATUITOUS ADVICE.

This species of advice is not always acceptable, but in many instances much benefit would be derived were it acted upon. No section of the country is exempt from disease. To know the best means of combatting this common enemy, with the least injury to our pockets and tastes, is certainly a great advantage. We must expect Torpid Liver, Congested Spleen, Vitiated Bile and Inactive Bowels, and all prudent persons will supply themselves with Tutt's Pills, which stimulate the Liver, relieve the engorged Spleen, determine a healthy flow of Bile, thus regulating the bowels and causing all unhealthy secretions to pass off in a natural manner. "An ounce of preventive is worth a pound of cure." Be advised and use

Upon the advice of a friend I bought a bottle of Steketee's Neuralgia Drops, and after using it according to directions, I can say I feel better than I have felt for many years. I shall continue in its use until I am thoroughly well. I feel very grateful to Mr. Steketee for making such a medicine. I will take pleasure in stating my case to any lady who may call on me.

ANDREWS ALL RIGHT!

It Will Remain the Division Terminal of the Wabash, and Will Retain the Shops.

Ever since the Wabash railway established its yards and division point at Andrews its citizens have been annoyed and harrassed by rumors of their removal. Recently, Peru voted a large bonus for the building of an eight mile road from Erie to Chili, connecting the main line and the Eel river branch of the road, in consideration of which Peru is to be made a terminal point for train men between Peru and Butler, and will otherwise be very materially benefitted.

The editor of the Huntington Herald having a decided interest in the citizens of Andrews, and knowing the feeling of unrest which obtained by reason of the rumors current, took the liberty to write a letter to General Manager Hays, of the Wabash, stating the condition of affairs. An answer was promptly received as follows:

The Wabash Railroad company, General Manager's Office, Charles M. Hays, general Manager.

ST. LOUIS, Feb. 28, 1890.

Thad Butler, Editor of Huntington Herald:

DEAR SIR: I have yours of the 27th inst. in regard to the feeling of apprehension that exists at Andrews, created by fear of removal of our division terminals from that point.

In reply will say, that so far as Bement is concerned, we have not for a moment had that matter under consideration, and what you have heard and seen to that effect, is merely newspaper rumor.

As regards the situation in connection with Peru, will say, on the completion of the proposed Peru and Detroit railroad, we will make that town the termini for our crews running between Butler and that point, thus bringing them into Peru instead of Logansport, as at present.

There is no probability of any change being made in the existing arrangement of the main line.

I do not object to you making this letter public, but on the contrary would be glad to have you do so, if it will correct the wrong impression that now prevails.

Yours truly,
CHAS. M. HAYS,
General Manager.

The Pennsylvania has taken the initiatory step in withdrawing party rates sale. The order took effect March 1, and is in conformity with the decision of the Interstate commerce Commission declaring party rates illegal. The Pennsylvania passenger department in its instructions to its agents, directs that all present contracts be maintained, but, with that exception, and taking effect at once, no more party rates shall be contracted for or sold.

A peculiar circular has come to light. It was issued by General Passenger Agent Ford, of the Pennsylvania Railroad company, and it contains a list of 326 names, 20 of which are names of ladies. Mr. Ford, in the circular, asserts that the individuals named have sold their mileage books or disposed of them in some way. He requests that the agents look over the list carefully, and if any names are familiar to send the addess of the house employing them. He proposes to establish a black list and take away the privileges. A great many think that the actions of Mr. Ford indicate a big war against scalpers. The design of the gentleman is as yet unknown.

Peter Doyle, a Pennsylvania fireman, carried a $1,500 insurance policy in the Brotherhood of Locomotive Firemen, which was payable to his sister at the time it was issued, but there has been no trace of her since the Johnstown disaster. She, at the time, being in Johnstown, is supposed to have been drowned. Mr. Doyle, before dying; supposing her to be dead and also all other relatives, assigned the benefit to a man named Peters, who, he said, was his cousin. Since his death his mother, living at Beloit, comes forward and claims the benefit. The law of the organization is that the benefit must be paid only to a relative, and who to pay Doyle's insurance to is a question difficult to settle, if Peters proves to be a relative, which is questioned.

What the Two-Price System Means.

It means an effort to charge you more for an article than it is worth.

It results in selling you goods at one price and your neighbor at another.

It means a loss of time and dignity on your part in the effort to beat the dealer down to his lowest price, or else it means paying more than you should, because you will not descend to the cross-roads style of higgling and haggling over prices.

The One-Price System Means

The lowest possible penny at which an article can be sold.

It means good goods and no misrepresentations.

It means the same price for you and your neighbor and your neighbor's child, no matter whether you are a judge of goods or not.

The merchant who will try to get more for an article than it is worth, will buy an inferior quality of goods whenever he thinks he can thereby increase his profits.

A two-price store is a very good place to keep away from.

FOSTER Furniture and Carpet Company,

Conduct their business on the fair, square-dealing, One-Price basis, and you are, therefore, sure of always getting the best goods at the lowest prices.

OUR $1.50 LINE

Of Ladies' and Men's fine shoes are of better quality, better styles and more desirable in every way than any ever offered at that price.

OUR $2.00 SHOES

Are of a high standard. We have them in any style desired and can assure you a perfect fit, every pair warranted. Our lines of hand sewed shoes for Ladies' and Gentlemen cannot be beat in this city, either for quality or price. We are bound to maintain our position as the Popular Price Shoe Dealers of Fort Wayne.

"LISTEN TO OUR TALE OF WOE."

Great Chattel Mortgage Sale

—OF—

BOOTS, SHOES AND RUBBER GOODS.

Notwithstanding the fact that since our opening, two weeks ago, we've daily been kept busy dishing out THREE DOLLARS in foot wear, for ONE HUNDRED CENTS in cash, "we've a tale of woe." The tale is this: When Messrs. Hugh Dyer & Co., who formerly owned this stock, were closed up by the sheriff, a levy was placed on four hundred (400) cases of the most choice goods, by a large wholesale house of Toledo. After a good deal of litigation, the COURT decided in our favor and ordered the goods sent here, but we're in a predicament. Our store, spacious as it is, is not large enough to hold all the goods. Now, what we want to say is this: WE MUST HAVE MONEY. WE MUST VACATE THE STORE, in short, we MUST sell the stock, over $15,000 worth, as soon as possible. To show that we mean business, we'll ask you to carefully peruse the prices

WHISKY AND POKER

Ruin a Louisville Bank Teller and He Skips With $60,000 of the Bank's Cash for Parts Unknown.

LOUISVILLE, Ky., March 4.—Wm. H. Pope, teller of the Louisville city national bank, absconded on last Saturday evening with $50,000 of the bank's cash in his possession. Nothing has since been heard of him. It is supposed that he is now in Canada.

The bank will not be inconvenienced by its loss, which will amount to not more than $40,000 as Pope furnished a bond of $20,000.

Yesterday morning Mr. Pope failed to appear at his desk at the regular hour and it was then that the loss of the money was first discovered.

It is known that Pope took the Monon express Saturday night for Chicago. It is not known whether he went to Mexico or to Canada from there. A large number of his photographs and description of him were mailed yesterday, to all points. His downfall is attributed to whisky and poker.

IS IT ANOTHER OSE?

PITTSBURG, March 4.—David Harris, who was the first president of the Amalgamated Association of Iron and Steel Workers, disappeared Saturday and his friends are very uneasy about him.

Harris is a member of the firm of Baldwin & Graham, extensive stove manufacturers, and on Saturday drew the firm's pay roll. His accounts, however, are perfectly straight. It is said that he drew about $1,200 from his own account in the bank on Saturday. He left $200 or $300 with his wife, and the balance he had with him.

KENTUCKY BLOOD!

Fierce Battles Between Desperadoes --A Sheriff Fatally Shot.

BARBOURSVILLE, Ky., March 4.—Sunday at Flat Lick, Sheriff Calloway Carnes was fatally shot by a desperado named Bill C. Smith, leader of the Smith faction of the Smith-Slusher feud. The deputy sheriff attempted to arrest one of the Smith party, their leader objected, and opened fire with a Winchester rifle, one ball passing through the deputy sheriff's body.

Carnes is a brother-in-law of the Messores, four of the most desperate men in the mountains, who are also members of the Slusher side feud. They rallied their forces and started in pursuit of the Smith crowd, but have not yet come in contact with each other. Should they do so, a battle will be the result. Either side numbers over thirty-five well armed men.

During the past year two open battles have been fought, and men have been killed on both sides. This trouble becomes worse day by day, and more bloodshed is imminent. A man living on Poplar creek, six miles south of this place, came to town this morning for a wagon load of collins, and gave an account of a bloody affray that occurred on that creek Sunday evening, in which old man Archie Leger, his son, and McKinney, his son-in-law, were killed outright by Jon Turner and two other men from that county. The trouble grew out of the dividing of some household goods belonging to Mckinney and his wife, who had separated.

They all congregated at Leger's house for the purpose of dividing the property between the man and his wife, but could not agree, only in one particular and that was to settle the matter with Winchesters. Three killed and several others wounded was the result.

A man named Stringer and one named Lane were killed at Gray's, near here, a few days since, making a total of six killed for the last week in this county.

REPUBLICAN CLUBS.

The National League Meeting at Nashville, Tenn.

NASHVILLE, Tenn., March 4.—The state delegations to the National league of republican clubs began to arrive at Amusement Hall shortly after 11 o'clock this morning. The convention hall is the largest in the city, having a seating capacity for 1,500 people, and it was tastefully and elaborately decorated.

Shortly after noon Hon. A. J. Watson, chairman of the local executive committee, called the assemblage to order and made the address of welcome. There were 600 delegates present.

After Watson's speech others spoke and then President Thurston delivered his annual address.

This evening there will be a mass meeting held in the public square at which addresses will be made by Gen. R. R. Gott, Judge Webster, and others. The real work of the convention will be done to-morrow. A number of new candidates for the presidency of the organization are in the field. Among them being Edwin B. Stuart, of Philadelphia, and General Goff, of West Virginia. A movement is also on foot to re-elect President Thurston.

WASHINGTON.

The Disposition Made of Voorhees' Resolution in Regard to the Lease of the Fur Seal Islands.

WASHINGTON, March 4.—The resolution offered by Mr. Voorhees yesterday referring to the lease of the fur seal islands of Alaska, and directing the secretary of the treasury to refrain from executing or delivering the lease until the senate inquire into the matter, was reported adversely from the finance committee and was indefinitely postponed.

The senate passed a bill appropriating $30,000 for a monumental column to commemorate the battle of Trenton, N. J., and bills appropriating $100,000 each for new buildings at Dover, N. H., and Nashua, N. H.

At 1 o'clock the senate went into secret session and expelled everybody but senators and senate employes from the gallery and floor of that wing of the capitol.

NOMINATIONS.

The president to-day sent the following nominations to the senate:

James Pinebird of Missouri, to be surveyor of customs for the port of St. Joseph, Mo. Henry H. Walker, to be postmaster at Remington, Ind. To be consuls of the United States: Wm. Burgess of New Jersey, at Tunisals. Herbert W. Bowser of New York, at Barcelona. F. W. Catlin of New York, at Munich. Wm. R. Estees of Minnesota, at Kingston, Jamaica.

TAULBEE MAY DIE.

Critical Condition of the Ex-Congressman Shot by Correspondent Kincaid.

WASHINGTON, March 4. — Ex-Congressman Taulbee is in a critical condition to-day. His physicians make the guarded statement that he is in no danger of dying within the twenty-four hours, but beyond this they do no care to say anything. Mr. Taulbee is being kept very quiet and few persons are allowed to see him.

He is conscious and has expressed a wish to make a statement to the newspapers, but this his physicians declined to allow him to do. They think that the excitement that may be caused by making such a statement would work disastrous effects. At present the patient is very weak.

IN ASHES.

Residence Burned at Shelbyville, Ind. --An Iowa Hotel Destroyed.

SHELBYVILLE, Ind., March 4.—At Morristown in this county Sunday night fire destroyed the residence of J. H. Wormick, Jesse Shackle's shoe store, Dan. Snyder's restaurant, J. H. Bowerly's grocery and F. Q. Johnson's residence. Total loss, $7,000; insurance, $4,000.

MAQUOKITA, Iowa, March 4. — The Decker House, the leading hotel of this city, built at a cost of $40,000, caught fire about noon yesterday in the oil room. The damage to the house and furniture is $10,000, fully insured.

PLATTSMOUTH, Neb., March 4.—The exposition buildings and street car barns burned here last night. The loss is heavy.

DEATH OF A MISER

Apparently in Poverty, But $27,000 is Found Concealed in His Clothing.

FORT SCOTT, Kas., March 4.—Yesterday morning an old man by the name of Thomas Garry, died at a boarding house in this city. He was of a miserly disposition and died in apparently extreme poverty. Upon searching his clothing over $27,000 was found sewed the lining of his vest. It is not known that he has any relatives.

Messrs. P. A. Randall, G. W. Pixley, S. M. Foster, Mason Long, D. N. Foster and James Wilding have decided to erect handsome houses on the grounds of the Land and Improvement company, the work to begin within ninety days. Mrs. Rio Shoaff is also trying to form a syndicate of fifteen families to build at the same time, under one contract, thereby saving expense.

Mr. G. L. Howe, of Chicago, is in the city in the interest of "One Hundred Years of Music in America," a valuable book. The portrait of Prof. W. F. Heath, of this city, appears among 150 others of prominent musical men of America.

Mrs. A. C. Keel and family have moved into their Berry street residence.

MINERS ENTOMBED!

Explosion of Gas Near Wilkesbarre, Pa., Imprisons Eight Men--Efforts to Effect Their Release.

WILKESBARRE, Pa., March 4.—An explosion of gas occurred in the South Wilkesbarre shaft late yesterday afternoon. Eight men were at work inside of the feeder at the time.

When the explosion occurred Jameson, the driver boy, called to some men behind him to take back his mules. "I am going in to tell the other fellows," he shouted. "We'll all have to get out of here mighty quick."

With these words he ran past the burning timbers and on into the dark tunnel. He never came back, nor did one of the seven to whom he went with a warning of their danger.

The flames spread among the dry timbers with awful rapidity, being fanned by the strong air current, and a vast volume of smoke and suffocating gases was soon rolling down the tunnel. If Jameson ever reached the men inside and they tried to make their way out the way he came in they must have been driven back by the smoke and fire. The only chance that they are still alive is that they may have found their way to the far end of some gang way, into which the smoke may not have penetrated up to this time. So great is the heat and so dense the smoke in the tunnel that it is with the utmost difficulty that the flames can be reached. Several of the men at work have been overcome and had to be brought out of the shaft.

The fire was still burning early this morning. About 5 o'clock a large portion of the roof of the tunnel caved in by reason of the burning away of the props.

The air pumps are being worked to their utmost capacity to ventilate the Stanton mine, which adjoins and is connected with the South Wilkesbarre shaft. If the men reached the Stanton mine they may be alive, as the air there is good. In order to reach it, however, they had to travel over a mile from the place where they were working, and it is feared that they were overtaken and suffocated by smoke. Everything possible is being done by the mine officials to rescue the men.

One of the fire engines was put to work early this morning and it is now pouring two large streams of water into the burning mine. The fire will cause a loss of $100,000. The Lehigh and Wilkesbarre company has been particularly unfortunate of late.

Only a month ago seven men lost their lives in the company's mines at Plymouth. Five of the men entombed last night are married and in case they are not recovered alive they will leave five widows and twenty-four children.

LATER.—A report now comes from the rescuing party in the Stanton mine that the air there is excellent and that there is a possibility that the men are safe, in one of the chambers.

PROBABLY ALL DEAD.

1 P. M.—There is no change in the situation at the burning mine. It will take fully four days to flood it. The supposition now is that the men did not get very far from where they were working, and if this is the case their bodies will never be recovered, as they in all probability by this time are burned to a crisp.

The entombed miners are: Michael Ferris, single; Frank Cull, fifty-five, wife and seven children; Hugh Dugan, married, wife and several children; Thomas Jameson, single; Thomas McDonald, single; Thomas Williams, married, wife and two children; Thomas McDonald, driver, and John McNealis, single.

A HOOSIER BANK FAILS.

Great Excitement Caused by the Failure of a Bank at Winchester.

MUNCIE, Ind., March 4.—The banking firm of G. L. Lewis & Co., doing business in Winchester, a town of 3,000 inhabitants, twenty miles east of this city, closed its doors yesterday morning and made an assignment.

Experts are in charge of the books. All the county officials made deposits with the bank, and are consequently heavy losers. The treasurer will lose $35,000, the Auditor $2,500, and quite a number of citizens and farmers will lose smaller amounts, ranging from $100 to $1,000.

The firm has been doing business for a number of years, and was regarded as being one of the most substantial banking houses in the state. Great excitement prevails over the assignment.

The Weather.

WASHINGTON, March 4.—For Indiana, light snow, followed by colder, fair weather; northwesterly winds.

EDITOR COWLES DEAD.

The Veteran Editor of the Cleveland Leader, Passes From His Busy Newspaper Labors.

CLEVELAND, Ohio, March 4.—Edwin Cowles, editor and proprietor of the Cleveland Leader, died this morning. He had been suffering from a complication of diseases for five or six years past.

The deceased was born in Austinburg, Ashtabula county, this state, September 18, 1825. In 1839 he came with his parents to this city, where he has since made his home. In 1853 he became a member of the firm which established the Forest City Democrat.

One year later the name of the journal was changed to the Cleveland Leader. The year following his partners disposed of their interest in the business to him, leaving the deceased sole proprietor of the Leader until 1860, when a stock company was formed.

In 1861 he was appointed postmaster of Cleveland, which office he filled for five years.

Mr. Cowles was married in 1849 to Elizabeth O. Hutchinson, of Cuyoga, N. Y., who survives him. He also leaves three sons and a daughter.

HOLLY'S KODAK.

How Pictures are Taken for Fun--Perry's Dog.

Clarence B. Holly, of the Holly Manufacturing company, who has been superintending the construction of the new Holly engine has a Kodak camera and when he leaves Fort Wayne he will take with him the familiar images of many of his friends.

The humorous part of it is that these friends are not conscious of being subjects of Mr. Holly's machine. Among the list a SENTINEL reporter saw the faces of the waterworks force Engineer Thomas Baxter, Assistant Engineer Gus Franke, Fireman George Schmit, Fireman George Ilen and Assistant George Smith.

The "phiz" of Inspector Frank Iten also appears from a wreath of smiles.

The funniest of the collection is the picture of Waterworks Clerk P. J. McDonald. Mr. Holly caught Pat when he was in the ecstacies of a full grown laugh over one of Will Breen's jokes.

Henry Grannemann's features were also thus surreptitiously taken by Mr. Holly and Henry will go on the front page of a new album.

Mr. Holly is now endeavoring to get "a sight" on Perry's dog, Jay Gould.

DOWN TO BUSINESS!

Special Council Meeting To-night.. Pavements to Be Built..Not This Year for Berry.

Marshal Franke is serving papers today for a special meeting of the common council, to be held this evening. The meeting is ordered by the mayor, at the request of the street committee, and it is of the utmost importance that every councilman be present.

The street committee, consisting of H. A. Reed, chairman; P. J. Sehied and H. Hilbrecht, held a meeting yesterday afternoon, the object of which was to sift down the question of paving the streets of Fort Wayne, and recommend some definite action to be taken by the council at once.

They agreed that the general fund in the city treasury from which must come the city's apportionment of expense on these pavements is too limited to permit of the paving of streets as all of the resolutions passed by the common council call for.

It will be remembered that the street committee first recommended a certain number of streets be paved. This was succeeded by an overwhelming influx of resolutions from councilmen of the different wards, whose enterprise in this direction was not anticipated to be exhibited with such promptness.

The council is therefore submerged up to its neck with resolutions for pavements, remonstrances against pavements, and pavement it is on all sides.

The street committee has decided that there is one sensible thing for the council to do and that is to "bite off only as much as they can chew" and then proceed with the masticating process.

They will therefore recommend at the meeting to-night that certain streets be paved the coming summer. These streets they have looked upon as the most important thoroughfares where pavement is most necessary. The streets tributary to these thoroughfares and other streets can receive attention another year.

The streets which they will recommend to be paved this year are as follows:

Broadway—Wayne to Dewald.
Dewald—Broadway to Hanna.
Hanna—Dewald to Wayne.
Maumee Ave.—Washington to Schick.
Wayne—Clinton to Hanna.
Jefferson—Broadway to Calhoun.
Harrison—Berry to Jefferson.
Fairfield Ave.

IT IS NOT TRUE.

Mr. C. A. Howell, in reply to certain reports which have been printed in the columns of the papers of this city concerning his daughter, sends THE SENTINEL this card:

SOUTH WAYNE, March 4, 1890.

EDITOR SENTINEL:

Please permit me to inform the public through your valuable paper, that there is not the slightest foundation or reason for any such thought, let alone such publications as have appeared in the city papers for the last few days, concerning the matrimonial intentions of Mr. Martin Jackson and Miss Grace Howell, of South Wayne.

My daughter is but a young school girl, who is all wrapt up and devotes all of her time to her studies. Furthermore, she believes, in accordance with her teachings, that such thoughts should only be entertained by those who are much older than herself. The people in general who are not acquainted with Miss Howell take it for granted, no doubt, as a matter of fact, but with those who are acquainted with her, there lurks a mystery which can only be explained as follows:

A certain young women, also of South Wayne, who is envious of my daughter in several respects, has sought to injure her in numerous ways in the past and annoyed her by writing and sending to her anonymous notes, all of which I have in my possession for future reference should the occasion require such.

Whether or not said communication was handed in for publication by her or one of her temporary young gentlemen admirers in knee pants, I know not, but am well aware it originated in the brain of this young woman, whom I, as well as all others, dislike to call by the title lady.

I trust that this explanation will be sufficient and to the satisfaction of all and that the attaching party will be wise enough to cease further attacks, lest they have the pleasure of proving their assertions, as their program is about filled, if I have anything to say.

JESSE D. HAMILTON.

Subscribed and sworn to before me this 3d day of March, 1890. GEORGE W. HAMILTON, Clerk.

THE building boom has commenced in various parts of the city.

THE day was ushered in this morning with a substantial fall of snow.

THE tariff reformers of the state are holding a meeting at Indianapolis.

DEATH has commenced the work by carrying sorrow to several homes in the city.

THE Irish Catholic Knights of the city are making preparations to observe St. Patrick's day.

POSTMASTER HIGGINS will "soil" the grounds around the government building as soon as spring makes its appearance.

SEVERAL Fort Wayne jobbers of hardware lost small bills on account of the failure of Seaman & Co., hardware merchants, in Ohio last week.

IF anybody can make a trip around the world in sixty days, it is George Francis Train. He is attempting it now and he will succeed or "bust."

THE ice houses of this vicinity are being filled with ice from the lakes of the north and the danger of a famine in that article, which was feared some time ago, is past.

A NUMBER of Knights Templars from surrounding towns will be in the city to-morrow to attend a special convocation for the conferring of degrees by our home lodges.

THE new church edifice which the Zion Lutheran church propose building in the southern part of the city, will be a handsome one. The church is in a flourishing condition.

THE number of deaths reported in the county for last month by Dr. L. L. Sturgis, the health officer, is thirty-four, of which thirteen were males and twenty-one females.

THE municipal elections at Des Moines, Iowa, yesterday resulted in the triumph of the Democracy. They elected a mayor and city officers. Fort Dodge also went democratic for the first time in its history.

LENT makes the matrimonial business dull. It will be noticed, however, that a few marriages are occurring. Love, which often laughs at locksmiths, will not always be confined to the restraints which Lent imposes.

YESTERDAY morning the members of the plasterers' union went out on a strike. They demand $3 per day for nine hours. Some contractors acceded to demands, and in the afternoon about half of them returned to work.

THE state board of health is endeavoring to procure statistics of the grippe epidemic. Blanks are sent to all county health officers, and one or two physicians in each township will write full and accurate histories of this strange malady.

THE telegraph conveys the sad news of the death of Editor Edwin Cowles, of the Cleveland Leader, at his home in that city this morning. Mr. Cowles was a veteran editor, and has for years stood at the head of his profession in Ohio. His paper is the recognized organ of the republican party in northern Ohio.

THE city treasurer is collecting delinquent taxes. The hardest debt for a man to pay is one of this character, and when it is pressing hard upon him, at a time when he has a lean pocket book, he realizes the beauties of being an American citizen. The tax ferret will hunt you out. So save up your cash and be ready to meet him.

A WRITER well observes that the grip made inroads upon the pockets as well as upon the health. Dr. Knorr, the inventor of antipyrinue, was made over $1,000,000 richer by the epidemic. He got a royalty of sixty cents on every ounce of the drug sold, and for weeks thousands of people did nothing else but dose themselves with this grip remedy.

THE SENTINEL gave a full account yesterday in its local columns of the deadly wreck, in which three employes were killed yesterday morning, by an accident occurring on the Pittsburg road near Massillion, O. The morning papers have the holocaust by telegraph, but the wire's account adds nothing of importance to the local details already published in our columns. The wreck delayed travel on the Pittsburg road and interfered with the running of trains last evening.

THE Hebrews of the city observed the approaching feast of the Purim by a presentation of "Queen Esther" by the children, at the Standard hall last night. The Royal Italian orchestra assisted. The Purim occurs next Thursday.

GOVERNOR HOVEY has addressed a communication to the auditors and boards of commissioners of the various counties of the state, referring to the general condition of the state and county roads, and requesting certain information, with a view of assisting, by legislation, in the construction of good gravel or macadamized roads on main thoroughfares.

A STRANGE phenomenon of a meteoric nature was witnessed by many of our people about about 11 o'clock last Saturday night. It consisted of a fiery ball "as large as a wash tub" says a witness, and it flung in the north for over half an hour throwing a stream of red, liquid light extending to the earth. From all accounts it must have differed from the common meteoric displays and was a wonderful display.

THE unseating of John O. Pendleton, democrat, and seating in his place of G. W. Atkinson, republican, of the first West Virginia district by a vote of yeas 162, nays 0, will constitute a test case for the courts as to the legality of the speaker's ruling. Mr. Carlisle believes Mr. Pendleton has his redress in the courts. Judge Chipman, of Michigan, says the supreme court will somehow dodge a decision upon the question.

IF we were to put a two line local in the most obscure corner of the paper, which stated that a certain business man charged more for his goods or kept an inferior quality than his competitors, that man would employ a slugger to to come around and kill us next morning. But if we were to ask this same man for an advertisement of his wares, he would say: "No; I don't believe in advertising; no one reads the advertisements."

THE journeymen plasterers of New York celebrated yesterday the consummation of an arrangement by which they will commence on the 1st of May to work eight hours a day at fifty cents an hour. A jubilation meeting was held in Cooper Union, and speeches were made by representative plasterers. About 1,500 men marched from Dievort hall, in Fifty-fourth street, and preceded by a band of music to Cooper Union, where representatives of the bosses were met and the agreement signed.

MR. A. Z. FOSTER, of Terre Haute, was the winner of the $25 prize offered by the Land and Improvement company for naming the new park in this city. In a letter to the company, dated Terre Haute, Ind., he declines to accept the prize, and says: "I feel that the honor of having given the name to the new park is all the recompense I am willing to accept. I therefore decline to receive the cash prize offered, and leave it with your board of directors to distribute as it may think best, only stipulating on my part that it go either to the person who, after me, was the next to send in the name, or else that it be divided among all those who sent it in, such division being in such proportion as the board may desire."

THE supreme court of the State has rendered the following decision: A husband who executes a mortgage containing full covenants of warranty, and with nothing on its face to show the ownership of the land, is estopped from denying that he was the owner at the time the mortgage was executed. (3) To the extent that the consideration for a mortgage executed upon the separate real estate of a married woman was received by her, or inured to her benefit, or to the benefit of her separate estate, she will be held to have contracted as principal. (4) Where a complaint to foreclose a mortgage executed by a married woman alleges that the consideration for the mortgage was used to discharge a prior valid lien existing on her land covered by the mortgage, an answer which does not deny these allegations, but alleges that the debt is the husband's and the land the wife's, is bad.

THE TARIFF BILL.

The tariff bill will be reported to the house from the ways and means committee about March 15. It is now so nearly complete that a correct general idea of its scope may be obtained. One of the surprises of the bill will be its agricultural features. There are to be duties of thirty per cent. on barley, twenty cents a pound on hops, twenty cents a bushel on apples and larger proportional duties on other fruits, dried and fresh, and an impost of ten cents a dozen on eggs, of which 14,000,000 dozen, valued at about $2,500,000, are annually imported for Canada and Scotland. The present duty on butter is left as it is.

The wool schedule as at present constituted and it will probably remain unchanged; provides that on first class or clothing wools the duty shall be 11 cents a pound; on second-class, or combing, 12 cents a pound; and on third-class, or carpet wools, 2½ cents a pound on wools worth at place of export 15 cents a pound and 8 cents on wools worth more than 15 cents. This is an increase on the present rate, which provides for a duty of 2½ cents on carpet wools worth 12 cents or less at the place of export and 5 cents on carpet wools worth more than 12 cents. The present rate on clothing wools is 10 cents a pound when worth 30 cents or less and 12 cents when worth more than 30 cents. On woolen and worsted yarns the new bill imposes a duty per pound that shall be three and a half times the duty on a pound of unwashed wool of the first class and in addition thereto 40 per cent. ad valorem. The sections of the bill intended to beguile the farmers have been prepared with much ingenuity and care.

The sugar question has given the committee a great deal of trouble. The excessive duty of from two to three and one-half cents now imposed upon sugar, and which adds a considerable sum to the daily cost of living in every family of the United States, will be reduced.

There will be a protective duty imposed on tin plates and terne plates, probably of $30 or $40 a ton; how much has not been decided.

The committee has not yet concluded its consideration of internal revenue features of the proposed bill, but the tax will be taken off of alcohol used in the industrial arts, and there will probably be a repeal of the internal revenue taxes on tobacco.

He was selecting presents for his girl before Christmas. He bought an amber comb, a box of caramels, and a bottle of Dr. Ball's Cough Syrup and showed himself thereby a right sensible dude.

"Enterprises of great pith and moment" are so engrossing the minds of men, that they neglect their own affairs, and grow old with pain, forgetting that a bottle of Salvation Oil will cure all.

Three Months of Special Bible Study.

The Bible institute in Chicago, of which D. L. Moody is the head, has been fortunate enough to secure the services of Prof. W. G. Moorhead, of Xenia, Ohio, for the three months of April, May and June. Professor Morehead is regarded by many as the most suggestive, thorough and stimulating Bible teacher in the country.

Mr. Moody sends out a cordial invitation to all ministers, evangelists, theological students and other Christian workers in all parts of the land who wish a new inspiration in the study of the word of God to come to Chicago for the entire three months or a portion thereof and take advantage of this great opportunity. The new building of the institute is open, and those who come, will, as far as possible, be accommodated in it. Those who desire rooms in the building should send their names and references at once to the superintendent, R. A. Torrey, 80 West Pearson street, Chicago. Those who cannot be accommodated in the building will find furnished rooms near at hand and can board in the institute restaurant. Four dollars per week will cover all necessary expenses.

A number of summer cottages will be built by Fort Wayne people who will sojourn at the lakes the coming season.

Clear Lake, about fifty miles from this city on the Lake Shore road and not far from Angola, Ind., is a resort that promises to bid popularity with other attractive places. At this spot cottages will soon be under way for Theodore Thieme, Herbert Root, Eugene Hardendorf and Otto Gross, the lots having already been purchased. Two new hotels have been built, and they will be conducted by S. A. Bixlee.

At Rome City it is understood that plans are at present being drawn for several cottages, and at Waraw there are sure to be several families of cottagers to be added to the Fort Wayne colony.

The plot of "Fascination" is based on the ruse adopted by Lady Madge Slashton to recover Lord Islay, to whom she is bethrothed, but who has fallen a victim for a time, to the wiles of Mrs. Delamare, the female villain. To accomplish her purpose Lady Madge dons a dress suit and thus disguised as a man, wins the affections of Mrs. Delamore and takes a contract to fight a duel with jealous Lord Islay. The breach of contract does not lead to a suit for breach of promise, but the curtain descends on the lovers reunited. Of course, the beholder is left in blissful doubt as to what Lady Madge did to keep Lord Islay within the matrimonial corral when she "rounded him up."

The Celebrated

BALMORAL CHOIR,

From Glasgow, Scotland, on their American tour, having appeared before crowded houses in London, Dublin, Edinburgh, Boston, New York, Chicago and Toronto, will delight our Fort Wayne people with a choice selection of

Scotch, English, Irish And American Songs

On above date. All lovers of good music and songs should not miss this fine opportunity.

Secure your seats early at the Temple as there will undoubtedly be a crowded house.

See opinions of the press:

New York Herald, Nov. 7, 1889: "The Balmoral Club,' a double quartet of singers hailing from Glasgow, gave its first concert in Steinway Hall last night. All of the members of this choir were not delighted with their reception they must be hard to please. An audience which filled the hall to overflowing applauded everything. Each member of the choir received a special round of applause, and if the audience could have had its way the concert would have lasted until the small hours of the morning."

Boston Globe, Nov. 20, 1889: "The 'Balmoral Choir,' from Glasgow, Scotland, made its second appearance before a Boston audience in Tremont Temple last evening. The stage floor and both balconies were packed and even standing room was at a premium, so eager were the hardy Scots to hear the music of dear old Scotland. The program was sufficiently long and varied to have pleased almost any kind of an audience, but we enthusiastic was the last night's gathering that all would have remained long enough to hear Bobby Burns' poems sung from start to finish, even if it took till midnight.

GRATUITOUS ADVICE.

This species of advice is not always acceptable, but in many instances much benefit would be derived were it acted upon. No section of the country is exempt from disease. To know the best means of combatting this common enemy, with the least injury to our pockets and tastes, is certainly a great advantage. We must expect Torpid Liver, Congested Spleen, Vitiated Bile and Inactive Bowels, and all prudent persons will supply themselves with Tutt's Pills, which stimulate the Liver, relieve the engorged Spleen, determine a healthy flow of Bile, thus regulating the bowels and causing all unhealthy secretions to pass off in a natural manner. "An ounce of preventive is worth a pound of cure." Be advised and use

This is to certify that I have been troubled with Neuralgia in the Face and Womb for over four (4) years. At times the pains were excruciating, and I thought I must die. Upon the advice of a friend I bought a bottle of Ste-Kotoo's Neuralgia Drops, and after using it according to directions, I can say I feel better than I have felt for many years. I shall continue in its use until I am thoroughly well. I feel very grateful to Mr. Ste-Kotoo for making such a medicine. I will take pleasure in stating my case to any lady who may call on me.

WITH SUSPENSORY FOR

The Mormon Elders' Book
SANDEN ELECTRIC CO., 180 Dearborn St., CHICAGO, ILL.

ANDREWS ALL RIGHT!

It Will Remain the Division Terminal of the Wabash, and Will Retain the Shops.

Ever since the Wabash railway established its yards and division point at Andrews its citizens have been annoyed and harrassed by rumors of their removal. Recently, Peru voted a large bonus for the building of an eight mile road from Erie to Chili, connecting the main line and the Eel river branch of the road, in consideration of which Peru is to be made a terminal point for train men between Peru and Butler, and will otherwise be very materially benefitted.

The editor of the Huntington Herald having a decided interest in the citizens of Andrews, and knowing the feeling of unrest which obtained by reason of the rumors current, took the liberty to write a letter to General Manager Hays, of the Wabash, stating the condition of affairs. An answer was promptly received as follows:

The Wabash Railroad company, General Manager's Office, Charles M. Hays, general Manager.
ST. LOUIS, Feb. 28, 1890.

Thad Butler, Editor of Huntington Herald:

DEAR SIR: I have yours of the 27th inst. in regard to the feeling of apprehension that exists at Andrews, created by fear of removal of our division terminals from that point.

In reply will say, that so far as Bement is concerned, we have not for a moment had that matter under consideration, and what you have heard and seen to that effect, is merely newspaper rumor.

As regards the situation in connection with Peru, will say, on the completion of the proposed Peru and Detroit railroad, we will make that town the terminal for our crews running between Butler and that point, thus bringing them into Peru instead of Logansport, as at present.

There is no probability of any change being made in the existing arrangement of the main line.

I do not object to you making this letter public, but on the contrary would be glad to have you do so, if it will correct the wrong impression that now prevails.

Yours truly,
CHAS. M. HAYS,
General Manager.

Drs. Myers and Porter will, this afternoon, perform an operation on George Kronmiller, boiler washer for the Pittsburg, Fort Wayne and Chicago road.

Mr. Oburn, who has been in New Orleans for some time, returned home recently and will soon superintend the erection of several electric light towers in Detroit.

George W. Lock, of the Olds wheel works, is much troubled over the loss of a borrowed hammer. In his absence some one took it and must have forgotten to return it.

Harry Snyder, an old Fort Wayne boy, who was connected with the Pittsburg company, spent Sunday in the city. Harry is firing a switch engine for the Nickel Plate road in the Chicago yards.

Robert Hentz, of Bass' blacksmith shop, has returned from Mansfield, Ohio, where he recently sustained a $1,000 loss by fire. He may resume his place in the blacksmith shop.

The Pennsylvania has taken the initiatory step in withdrawing party rates sale. The order took effect March 1, and is in conformity with the decision of the Interstate-commerce Commission declaring party rates illegal. The Pennsylvania passenger department in its instructions to its agents, directs that all present contracts be maintained, but, with that exception, and taking effect at once, no more party rates shall be contracted for or sold.

A peculiar circular has come to light. It was issued by General Passengor Agent Ford, of the Pennsylvania Railroad company, and it contains a list of 326 names, 20 of which are names of Indies. Mr. Ford, in the circular, asserts that the individuals named have sold their mileage books or disposed of them in some way. He requests that the agents look over the list carefully, and if any names are familiar to send the addess of the house employing them. He proposes to establish a black list and take away the privileges. A great many think that the actions of Mr. Ford indicate a big war against scalpers. The design of the gentleman is as yet unknown.

Peter Doyle, a Pennsylvania fireman, carried a $1,500 insurance policy in the Brotherhood of Locomotive Firemen, which was payable to his sister at the time it was issued, but there has been no trace of her since the Johnstown disaster. She, at the time, being in Johnstown, is supposed to have been drowned. Mr. Doyle, before dying; supposing her to be dead and also all other relatives, assigned the benefit to a man named Peters, who, he said, was his cousin. Since his death his mother, living at Beloit, comes forward and claims the benefit. The law of the organization is that the benefit must be paid only to a relative, and who to pay Doyle's insurance to is a question difficult to settle, if Peters proves to be a relative, which is questioned.

All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

What the Two-Price System Means.

It means an effort to charge you more for an article than it is worth.

It results in selling you goods at one price and your neighbor at another.

It means a loss of time and dignity on your part in the effort to beat the dealer down to his lowest price, or else it means paying more than you should, because you will not descend to the cross-roads style of haggling and haggling over prices.

The One-Price System Means

The lowest possible penny at which an article can be sold.

It means good goods and no misrepresentations.

It means the same price for you and your neighbor and your neighbor's child, no matter whether you are a judge of goods or not.

The merchant who will try to get more for an article than it is worth, will buy an inferior quality of goods whenever he thinks he can thereby increase his profits.

A two-price store is a very good place to keep away from.

FOSTER Furniture and Carpet Company,

Conduct their business on the fair, square dealing, One-Price basis, and you are, therefore, sure of always getting the best goods at the lowest prices.

OUR $1.50 LINE

Of Ladies' and Men's fine shoes are of better quality, better styles and more desirable in every way than any ever offered at that price.

OUR $2.00 SHOES

Our lines of hand sewed shoes for Ladies and Gentlemen cannot be beat in this city, either for quality or price. We are bound to maintain our position as the Popular Price Shoe Dealers of Fort Wayne.

The board of directors of the Land and Improvement company will meet the latter part of the week to decide upon the disposition of the prize offered for naming the new park, Mr. A. Z. Foster, of Terre Haute, having declined it. It is likely the $25 offered will be distributed among the other persons selecting the name.

The St. Patrick's congregation has purchased the property at the corner of DeWald and Harrison streets, the consideration being $3,300. The property for the new church embraces the entire square. The edifice will now face on DeWald street. The residences will be vacated by Mr. Donovan and will be moved off the premises.

The case of the state vs. Thomas Davidson, charged with murder, will come up in the Whitley county court before Judge Adair on April 7, the beginning of the new term. The case will then be set. It will not be tried in the early part of April as Attorney Dawson, one of Davidson's attorneys, has several cases at Decatur at that time.

The council at its special meeting tonight, will pass resolutions inviting the next state encampment of the G. A. R. to this city. The Fort Wayne delegation numbering about twenty-five, will leave here next Monday. The encampment will commence the 11th, and last two days. George D. Adams and Captain Weldon visited all the hotels last night, and got the consent of each proprietor to furnish reduced rates to those attending the encampment, should it come here.

The Fort Wayne Amateur Athletic association, held a meeting last night and talked over the future field sports. Young men who care to enter the June contests to compete for the prizes must get their names in by April 3. White, Sam C. Moffatt, A. W. Seabrease, jr., Geo. Welschmidt, Ed. Bailey, G. Shuman, Sam Rabus.

Death of J. M. Lowry.

Hon. Robert Lowry received a telegram this morning, announcing the death of his brother, Mr. J. M. Lowry, late general master mechanic, and more recently consulting engineer of the Chicago, Milwaukee and St. Paul railway. The demise is supposed to have been quite unexpected, as late intercourse between the families gave no information of such a thing being apprehended.

"LISTEN TO OUR TALE OF WOE."

Great Chattel Mortgage Sale

—OF—

BOOTS, SHOES AND RUBBER GOODS.

Notwithstanding the fact that since our opening, two weeks ago, we've daily been kept busy dishing out THREE DOLLARS in foot wear, for ONE HUNDRED CENTS in cash, "we've a tale of woe." The tale is this: When Messrs. Hugh Dyer & Co., who formerly owned this stock, were closed up by the sheriff, a levy was placed on four hundred (400) cases of the most choice goods, by a large wholesale house of Toledo. After a good deal of litigation, the COURT decided in our favor and ordered the goods sent here, but we're in a predicament. Our store, spacious as it is, is not large enough to hold all the goods. Now, what we want to say is this: WE MUST HAVE MONEY. WE MUST VACATE THE STORE, in short, we MUST sell the stock, over $15,000 worth, as soon as possible. To show that we mean business, we'll ask you to carefully peruse the prices

We Quote the in Following:
